Thomas More College

An Inspired Education

Congratulates Our 2020 Matrics

Our Thomas More College community celebrates the Matric Class of 2020 for their grit, resilience and can-do attitude as they navigated their final examinations after an extraordinary year.

With a **100% PASS RATE**, and 101 of the 108 achieving Bachelor Degree passes, along with 21 candidates achieving 'A' aggregates and 28 'B' aggregates, we are so proud of this grade for continuing to inspire with passion and purpose, despite COVID's best efforts to thwart such.

We thank our staff – academic and all support staff – for the incredible care they afforded every student throughout the year.

We wish every member of our Class of 2020 every blessing, joy and success as they venture out to live and impact positively as
